# SYB30

A PRODUCT OF 

≡ MADE IN THE USA ≡

# COMPACT CASE. HUGE PERFORMANCE.

For over 50 years, CSE has worked to protect lives by building the most reliable, innovative, and intuitive safety equipment on the market. We're proud to introduce SYB-30, a revolutionary SCSR that's more rugged, lightweight, and hassle-free than ever.

## FEATURES & BENEFITS

### Performance & Technology:

-  30-minute duration
-  Low breathing resistance, allowing the user to remain calm and focused on escape
-  **QuickStart™** Technology provides rapid oxygen production at start-up when you need it most
-  User-friendly donning

### Enhanced Comfort & Usability:

-  Ultra-lightweight design
-  Rounded, hip-contoured shape for optimal comfort and effortless carrying
-  Single piece, ergonomic breathing hose reduces mouth fatigue and discomfort
-  User-centric part layout ensures rapid access when faced with an emergency

### Unmatched Durability:

-  10-year service life
-  High-impact, chemical resistant, and anti-static enclosure
-  No maintenance required

### Simple Inspection:

-  Integrated **ClearView™** inspection window for increased durability and visibility
-  Tool-free inspection
-  Redundant, breakaway **Tamper Tabs™** clearly indicate if a unit has been opened
